Germantown, Pa.

Dear Sir:

Your letter of September 7th received.

I do not understand why you have not heard from my Brother about the policy. My last visit to your office, you asked me to take care of the matter and I, immediately, looked my Brother up to find out just what had been done and he had in his possession the Insurance policies, one made out to you for \$3000.00 and one for me for \$2000.00. He promised me he would contact you immediately, I do not understand why he has not done so, unless it is due to the fact that he is very busy and overlooked it.

I will be in Phila either Friday of this week or Monday of next week, and will contact you at that time. I am very sorry this matter was not taken care of properly.

Very truly yours,
